

The Academy of Spectrum Diversity Inc.

A Non-Profit Private Christian School For Children With Special Needs

We are looking for sponsors to open this much-needed school August 2017. These children and families are in desperate need of a school that understands them and will always have the children first. With your help, we can answer the prayers of so many families who need a school where their children feel loved, safe and will be educated at their level.

Be the light for these children and families
